	IMIAL Level 3 Diploma in Vehicle Accident Repair –Multi-skilled	Tech Level

BMW (UK) Ltd believes the content of these qualifications deliver the core specialist knowledge and skills required by the automotive retail sector, and therefore support the needs of employers within the industry by creating the basis of high quality, skilled work force. These qualifications will provide students, aged 16years plus, with an advantage when applying for related jobs, apprenticeships, and other further or higher level qualifications related to the sector. Therefore in BMW (UK) Ltd view, there is a definite need for these qualifications to be made available on the Key Stage 5 performance tables to allow learners interested in a career in the sector to develop, progress and in the future, secure a job role.

Yours sincerely

Philip Neal
