

ACCREDITATION

There is a change being made to IMI Accreditation products; we are replacing the Code of Conduct with Professional Standards. This means achievers of an Accreditation will now have to agree to work to a Professional Standard of behaviours instead of the Code of Conduct.

The Professional Standard agreement will replace the existing Code of Conduct in the online assessment list. This work will be done over time and gradually phased in so there may be instances where a particular Accreditation still has the Code of Conduct. Each candidate will receive a hard copy of the Professional Standard that suits their role/Accreditation along with IMI membership information and their certificate. We would appreciate it if this information could be passed on to those involved until all Accreditations have been fully amended.

If a Professional Standard agreement is available on the online assessment list for a candidate, please launch this instead of the Code of Conduct.

Please contact the Centre Admin Support Team on 01992 519 025

- If there is no Code of Conduct or Professional Standard agreement present in the candidate online assessment list
- If you are experiencing difficulties claiming and the candidate has completed the Code of Conduct instead of the Professional Standard agreement

We will be providing a 'standardised' PowerPoint presentation to use for Accreditation inductions, which will be sent in due course.

We thank you for your patience and support in implementing this change
